

AKIRA Slim Suspended Mono

AKIRA Slim, with its compact profile, is a high-quality linear light system crafted from extruded aluminum for indoor applications. Designed with advanced optical solutions, it ensures precise and efficient illumination. Available in three standard lengths or fully customizable, AKIRA Mini comes in two sophisticated finishes: powder-coated black and white. Equipped with high-performance mono-color LEDs on a rigid circuit board, it delivers a diffused light effect with CRI>90, ensuring exceptional color accuracy.
